

Training Response (Old)

Old_Post – Old_Pre

Downregulated

1. Adipogenesis

2. Amino Acid Metabolism

3. Detoxification

4. Ketone Metabolism

Upregulated

1. Cytoplasmic Translation

2. Ribosome Biogenesis

3. Protein Folding

4. Mitotic Spindle

5. Unfolded Protein Response

6. MYC Targets V1

7. Establishment Or Maintenance Of Cell Polarity

8. Protein Localization To Plasma Membrane
